OUR PURPOSE

Proceeds from this fundraising event will benefit the Wall Street Finance and Scholastic Training and Mentoring Program (FAST Track). The program was created in 1998 by the New York Chapter of the National Association of Securities Professionals (NASP-NY), an organization representing minorities and women in the financial industry. Students meet twice a month during the school year to develop skills in financial literacy and interact with industry leaders who can introduce them to a variety of disciplines on Wall Street. This program provides mentoring, training on resume writing, how to obtain financial aid, interviewing, public speaking and summer internships with financial institutions. It also provides scholarship funds to those young people who have shown an interest through their grades and curriculum choices, in pursuing careers in the financial services industry.
